Course Information: **PADI ADVENTURES IN DIVING & ADVANCED OPEN WATER**

Welcome to the PADI Adventures in Diving and Advanced Open Water certification course. This course is designed to increase your diving skills, confidence and knowledge under the supervision of a PADI Instructor. There are a total of five dives required for this certification which includes to required dives. They are the Deep and Underwater Navigation dives. If you have a PADI specialty completed, such as boat, night diver, etc they can be counted as one of the five dives.

Even though it is not required there will be two nights of academics. During this time all required paperwork and Knowledge Reviews will be completed as well as planning your dives. You will need your Adventures in Diving Student Manual, pen, pencil and one of the following. The PADI table RDP, PADI ERDP-ML or a dive computer. The ERDP-ML or computer is used to plan multi-level dives.

If you have had or think you may have any medical conditions please ask for a RSAT Medical Questionnaire. If you can answer YES to any of the questions complete the form and have it signed by a doctor, MD, or a Physician Assistant, PA. This form must be turned in before any in-water training can be conducted, to include the pool if required..

Thank you for choosing PADI and Kadena Marina for your continuing diver education.

See ya down under,

Ed
